DEPARTMENT OF THE NAVY CHIEF INFORMATION OFFICER
DEPUTY ASSISTANT SECRETARY OF THE NAVY (ACQUISITION MANAGEMENT)
WASHINGTON DC 20350-1000

29 September 2004

JOINT MEMORANDUM

From: Department of the Navy Chief Information Officer
Deputy Assistant Secretary of the Navy (Acquisition Management) (OASN RD&A)
To: Distribution

Subj: NAVY SHORE-BASED ORACLE DATABASE ENTERPRISE LICENSE AGREEMENT

The Department of the Navy (DON) has established a Navy Shore-Based Oracle Database Enterprise License Agreement to provide Navy shore-based organizations the right to use the Oracle databases. This agreement is managed by the Space and Naval Warfare Systems Command (SPAWARSYSCOM) DON Information Technology (IT) Umbrella Program Office. The Department will implement the agreement on 1 October 2004. This agreement consolidates existing and new Oracle Database software licenses and maintenance under a single contractual vehicle and procures the rights to use for authorized users. All DON General Fund and Working Capital activities are covered, with the exception of Marine Corps activities. Marine Corps activities are currently covered by a separate Marine Corps-wide Oracle database agreement. Authorized users at covered activities include all Navy active duty, reserve and civilian shore-based billets not assigned to a ship. On-site and off-site contractors who access Navy systems for the purpose of supporting Navy shore-based operations are also covered.

This Navy Shore-Based Oracle Database Enterprise License Agreement provides significant benefits including substantial cost avoidance for the Department. It facilitates the goal of net-centric operations by allowing all shore personnel to access Oracle databases, permitting the sharing of authoritative data across the shore-based enterprise. The agreement has a priced option that, if exercised, will enable the Department to extend these benefits to the afloat Navy.

Effective immediately, activities covered by this license agreement shall not enter into separate Oracle database agreements or procure additional Oracle database licenses outside of this central agreement whenever Oracle is selected as the database. This prohibition includes software or software maintenance that is acquired:

- as part of a system or system upgrade, including Application Specific Full Use (ASFU) licenses;
- under a service contract;
- under a contract or agreement administered by another agency, such as an interagency agreement;

- under a Federal Supply Schedule contract or blanket purchase agreement established in accordance with FAR 8.404(b)(4); or
- by a contractor that is authorized to order from a Government supply source pursuant to FAR 51.101.

This policy has been coordinated with the Office of the Assistant Secretary of the Navy (Financial Management and Comptroller), Office of Budget.

Questions regarding this policy may be directed to the Department of the Navy Enterprise Software Initiative point of contact, Mr. Floyd Groce, at (703) 607-5658, DSN 327-5658, or floyd.groce@navy.mil. Questions regarding licensing can be directed to the Department of the Navy IT Umbrella Program points of contact, Ms. Barbara A. Johnson, at (619) 524-9607, DSN 524-9607, barbara.a.Johnson@navy.mil, or the Enterprise Software Initiative Software Product Manager (SPM) Ms. Peggy Harpe, at (619) 524-9644, DSN 524-9644, peggy.harpe@navy.mil. Additional information about this agreement and how to use it is available at www.it-umbrella.navy.mil.
